```

The diagram illustrates a dependency or configuration relationship. On the left, there are two identical white rectangular boxes, each containing the text 'csmg::SAMG_Solver::SolveMatrixEquation'. On the right, there is a single gray rectangular box containing the text 'csmg::SAMG_Settings::UsePointBasedApproach'. Two blue arrows originate from the right side of the two white boxes and point towards the left side of the gray box, indicating that the solver function depends on or uses the settings.
